On behalf of the Board of Directors and the Staff of Anchorage Project Access, we wish you a New Year filled with good health and happiness.

Have faith in the human spirit and in each heart's capacity to make our world a better place.

Thank you for the difference you have made in the lives of those you have helped. This year our community is a better place because of your generosity.

I'd like to say Thank You!

 I've been enrolled with Project Access A couple of times and appreciate the help that was provided to me by the staff and the doctors when needed due to health issues.

The last seven years I have been putting my life back together and making progress, at ones age it is challenging. Along with better health, I've gotten help changing my profession in the career of a chemical dependency counselor. The last five months I have worked with Starting Point, an outpatient treatment center in Anchorage; it has been rewarding to be able to help others who've shared life like challenges in order to better their lives and practice sobriety.

Everyone at Project Access has been helpful and respectful. I'm very thankful for everyone involved in my care and for making a difference. R.L., APA Patient

Thank you, thank you and once again thank you!!

 Thank you for your support and assistance with my medical needs, for saving my life and giving me a reason to serve God and humanity. I say a BIG thank you to all of you for all your help. M.R., APA Patient
