

RESTORING HEALTH & HOPE TO ALASKANS

2005 – 2020

15

YEAR ANNIVERSARY  
REPORT

# CORE VALUES

## Integrity | Compassion | Respect

## Empowerment | Service | Excellence

### MISSION

To increase access to health care for low income, uninsured individuals by coordinating a network of committed and compassionate volunteer providers.

### VISION

In partnership with the community, provide access to health care for those most in need.

### GOALS

- Improve health equity and health outcomes for individuals with low income who are uninsured
- Increase the primary care treatment capacity in Anchorage
- Increase the ability of physicians and other community partners to volunteer their services effectively and efficiently
- Increase collaboration within the Anchorage health care community to meet the needs of low income, uninsured individuals

### SERVICES

- Coordinating donated specialty medical and dental health care services for people in need
- Assisting uninsured individuals to apply for Affordable Care Act (ACA), Medicaid, or Medicare health insurance and helping individuals maximize their understanding and utilization of insurance coverage
- Ensuring all Anchorage Project Access patients establish a primary care health home for ongoing preventive care

### IMPACT

- Strengthening the health care safety net with compassion and efficiency
- Improving health outcomes and health equity for low income, uninsured Alaskans
- Increasing the primary care treatment capacity in Anchorage with extensive health care partnerships
- Linking donating physicians and dentists to those most in need
- Increasing collaboration within the Southcentral health care community to meet the needs of low income, uninsured individuals
- Developing health care partnerships to address health inequities and socioeconomic aspects of poverty to improve the health of all Alaskans

### ELIGIBILITY REQUIREMENTS

- Municipality of Anchorage resident; people living outside of the Anchorage bowl may be eligible for services through Anchorage Project Access
- Gross household income of 300% or less of the Alaska Federal Poverty Level Guidelines
- No other form of health or dental insurance
- Must have a medical or dental need

### EXECUTIVE BOARD MEMBERS

YEAR ANNIVERSARY  
REPORT

*Thank you*  
To our health care partners  
for 15 years of lifesaving care

"We all went into medicine to help hurting people. APA makes that possible in the most meaningful way."

“

Byron Perkins, DO, Founding member of Anchorage Project Access and member of APA's Clinical Leadership Team and Board Development Committee

"Project Access is one of the most worthwhile projects I have ever been involved in and the doctors that I talk to that are involved with this, they say the very same thing. There is a great service that can be done to the community. You can use your skills, your gifts, your graces to touch lives. And if you are a donor, if anybody wants to help the community and wants to be part of an organization, this is the one."

“

Brian Green, PhD, CEO Christian Health Associates, founder of Anchorage Project Access

## A MESSAGE FROM THE EXECUTIVE DIRECTOR

In 1997 the Anchorage Access to Health Care Coalition (AAHCC), led by Dr. Cathie Schumacher, identified barriers to affordable health care as a critical unmet need in our community. Their efforts are benefiting Alaskans today who have lost their jobs, their livelihoods, and their health insurance due to COVID-19. These visionary leaders recognized that delayed health care leads to ill health, missed workdays, reduced income, and often, is a result of health inequities. When families have limited resources and do not have access to care, they delay health care to pay for housing, utilities, food, fuel, etc. This often results in families utilizing hospital emergency departments for health care needs more effectively addressed in primary care. The Health Care Coalition was determined to create a healthier community through access to care. Anchorage Project Access (APA) was developed over the course of 8 years of early morning meetings with leaders in health care, business, nonprofits, philanthropy, and government. APA opened in 2005 under the thoughtful stewardship of Christian Health Associates.

APA is the only health care safety net of its kind in Alaska. APA improves health equity through donated health care from local specialists as well as enrolling individuals in health insurance, helping patients learn how to utilize health coverage, and establishing a primary health home for APA patients to receive ongoing care. In 2016, APA continued to strengthen the safety net by adding one of the only pro bono dental programs in the country, and by committing time and resources to addressing health disparities. APA staff serve on seven local, statewide and national committees and workgroups dedicated to improving access to health care for all Alaskans. We have held true to our mission of coordinating life-saving and life-changing donated specialty care by partnering with Alaska's finest physicians and allied health professionals who give generously to bring healing to those who are ill. We are continually inspired by our physicians' contributions to the well-being of our neighbors and friends who access donated care through APA.

APA's services include managing over 680 donating physicians' pledges of care, conducting weekly outreach to homeless individuals, screening for program eligibility, coordinating all donated appointments, enrolling patients in health plans, and ensuring every patient establishes a primary care health home.

As we highlight our 15 years of service, we do so with immeasurable gratitude to our founders, our donating physicians, funders, and health care partners, who work tirelessly to restore health and hope to Alaskans in need.

In your service,

Melinda Freemon  
Executive Director, APA

A heartfelt thank you to Jane Dial, APA's Operations Manager Extraordinaire, for 14 years of dedicated service in which her legacy of checklists, policies and procedures, boisterous laughter, exceptional patient care, teambuilding events, and door prizes without compare, leave us in awe of her talents and gifts. She is a treasure in every way.

Dr. KC Kaltenborn, Endocrinologist and founding member of APA, who never turns away an APA patient. Dr. Kaltenborn is reviewing an APA patient's history and the patient's treatment plan.

## DR. KC KALTENBORN, ENDOCRINOLOGIST, DONATING PROVIDER AND APA FOUNDING MEMBER-

"Anchorage Project Access is about short-term specialty care to fix a problem that requires a fair amount of technology or expertise not available in local clinics. It is organized, free specialty care. I appreciate what APA staff provide to make the care easy to give. I would like to express my thanks for providers at Project Access. This is the kind of community that I want to stay in. Like many people I came to Alaska for the sense of adventure, the outdoors and the wildlife, but I stayed because of the people. Having physicians, people in my medical community who are donating, makes me appreciate more the wonderful community of Alaska."

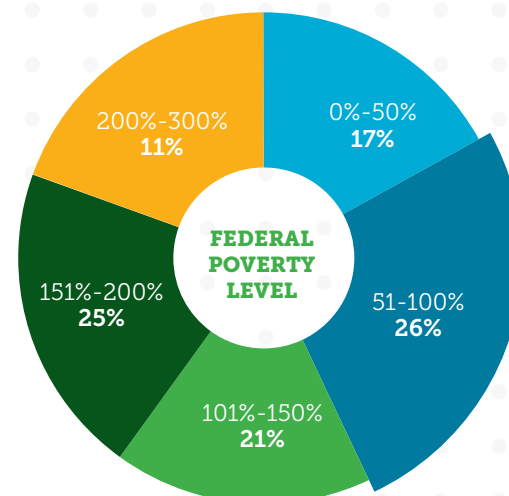

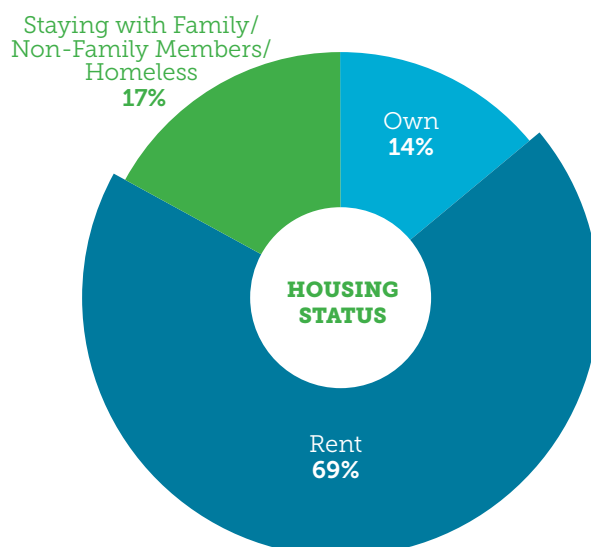

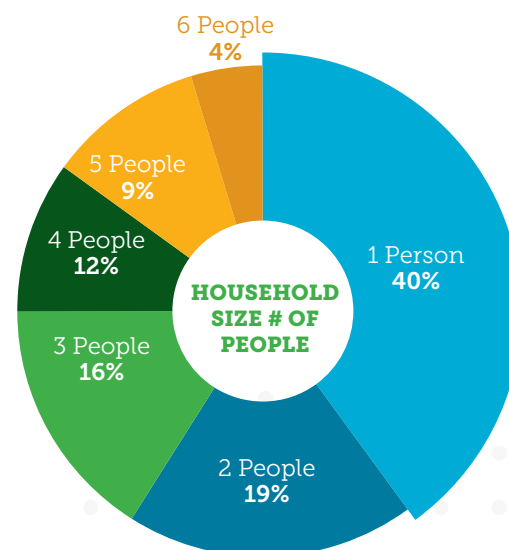

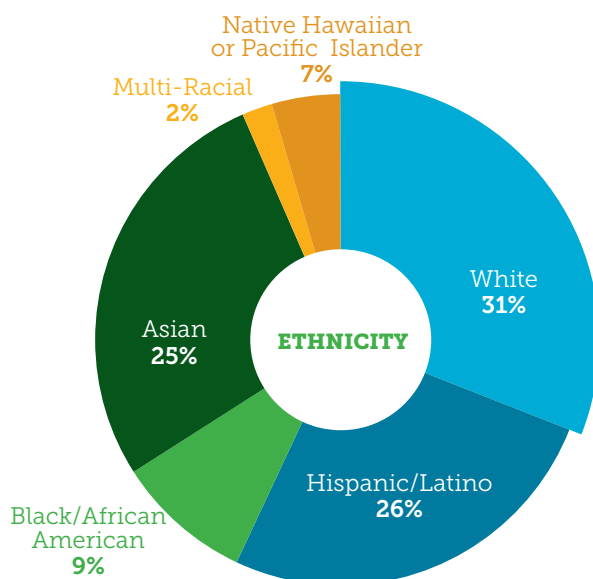

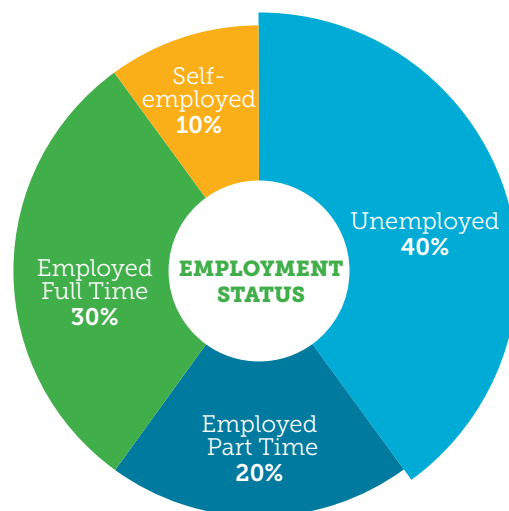

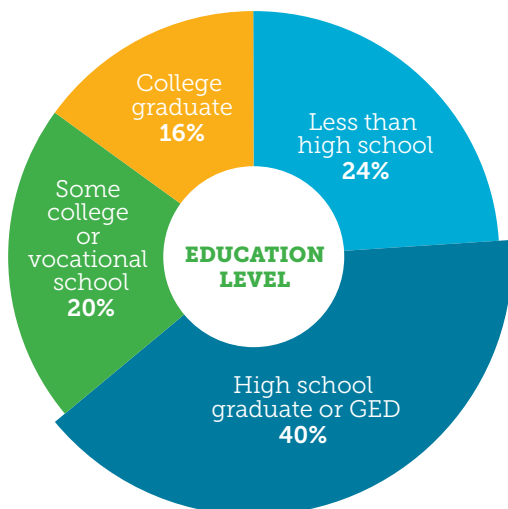

## 15 YEAR ANNIVERSARY HIGHLIGHT

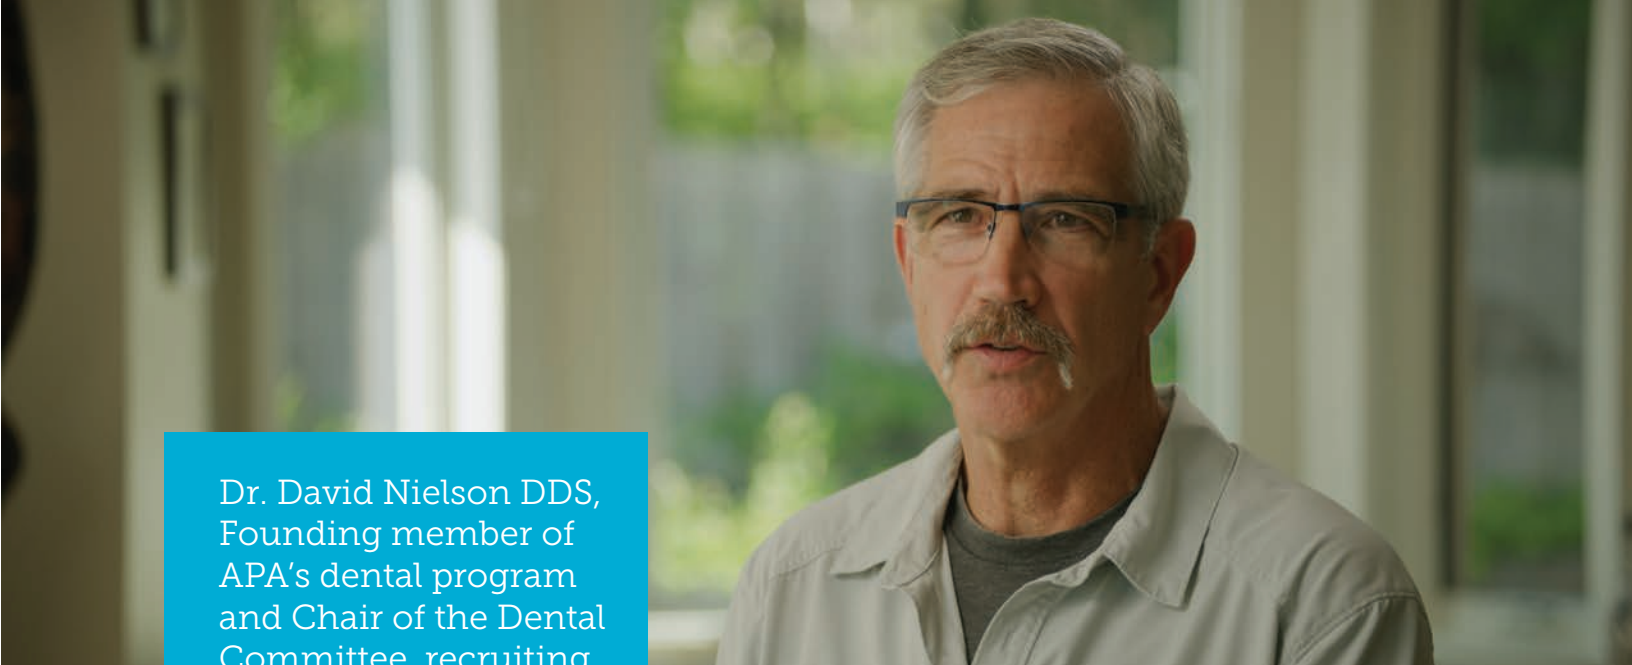

**\$50.7  
Million**

Worth of donated care  
provided by APA's  
health care partners

## OUR PATIENTS - DEMOGRAPHICS

Dr. David Nielson DDS,  
Founding member of  
APA's dental program  
and Chair of the Dental  
Committee, recruiting  
dentists to donate care  
through APA.

"As the Director of the APA Dental program, I spend a lot of time recruiting dentists to come on board with Anchorage Project Access. I assume as a professional health care provider, that dentists will want to help out the community, and I'm never wrong about that. They all do. What I like to hear most are the patient stories about the successes they've had and how they've been in pain and now they're not. The patients love Project Access."

## APA DENTAL PROGRAM HIGHLIGHTS 2016 - 2020

APA provides one of the only donated dental programs in the country

**58**

Dentists donate dental  
treatment through APA

**339**

Dental appointments  
have been scheduled  
for dental treatment

**106**

Patients have received  
donated dental treatment  
through APA

**2,990**

Patient volunteer hours  
to "pay it forward" in our  
community

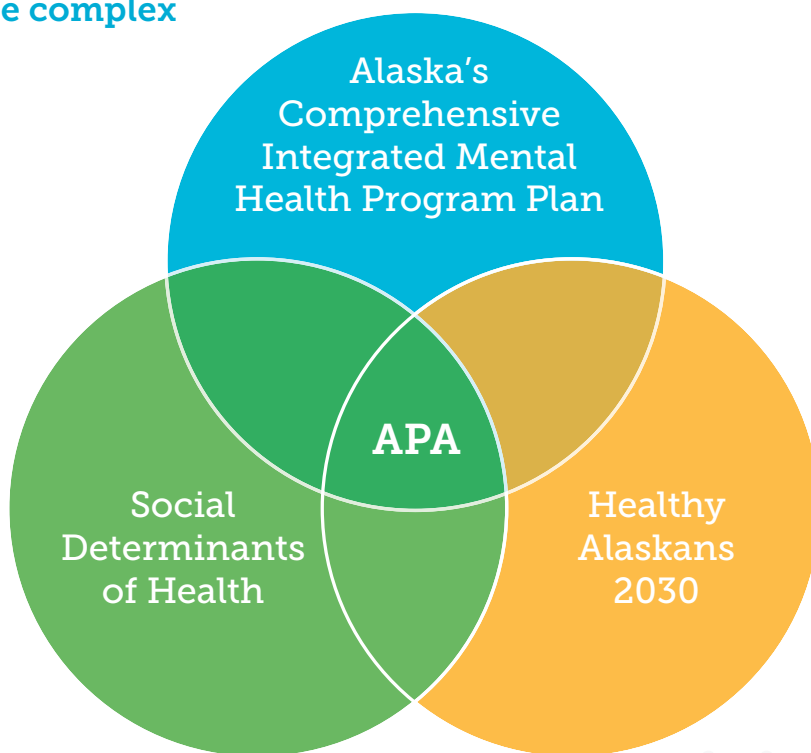

**\$323,557**

Worth of dental care donated  
through APA's dental program

# HEALTH EQUITY~HEALTH LITERACY

1. Outreach to the most vulnerable in our community.
2. Enrolling individuals in ACA Marketplace Insurance/Medicaid/Medicare.
3. Ensuring access to specialty medical care, dental care, & allied health services.
4. Helping individuals navigate complex health systems.
5. Care coordination for all donated services.

*With the support of Anchorage Project Access, I was able to complete the imaging that Dr. Joanie Hope needed to proceed with her donated surgery for my pelvic pain which required an overnight hospital stay. The fibroid tumor may have killed me had Dr. Hope not removed it. I had no insurance nor resources to pay for the surgery.*

L W's life-saving surgery from APA's health care partner Dr. Joanie Hope

# APA positively impacts 10 leading health indicators in 3 major health initiatives in Alaska

- 1 Alaskans have access to integrated health care
- 2 Trust beneficiaries have strong economic and social well being
- 3 Alaskans are free from abuse, neglect, self neglect, and exploitation
- 4 Reduce the rate of adults (age 18 years +) reporting they could not afford to see a doctor in the last 12 months
- 5 Reduce the rate of preventable hospitalizations
- 6 Reduce the percentage of the population without health insurance
- 7 Increase the percentage of the population living above the AK federal poverty level

## 15 YEAR ANNIVERSARY HIGHLIGHT

**681+**

Local specialists, dentists, physical therapists, anesthesiologists, surgical facilities, pharmacies, labs, imaging centers, hospitals and more, donate their care through APA

**6,246+**

Resource and referral contacts provided (since 2018 when outreach data were tracked)

**7,542+**

Affordable Care Act, Medicaid and/or Medicare assistance sessions provided to individuals in need of information and access to health insurance

*Thank you for everything you have done for my girls and my family. Thanks for your attention, your services, your kindness, your affection. You are always aware of me and my girls. My girl is happy and healthy thanks to you!*

Rutt and Briley P's message to APA staff and providers for their daughters' treatment

## NUMBER OF APPOINTMENTS BY SPECIALTY

	Total Appointments		
Ambulatory Surgery	8	Ophthalmology	5
Anesthesiology	29	Otolaryngology	34
Audiology	7	Pathology	29
Cardiology	72	Pediatric Cardiology	1
Dental	81	Pediatric Ophthalmology	1
Dermatology	10	Physical Therapy	165
Durable Medical Equipment	4	Pulmonary Disease	2
Endocrinology	8	Radiation Oncology	116
Gastroenterology	30	Radiology	259
Hematology/Oncology	161	Rheumatology	4
Hospital Services	25	Sleep Disorders	13

Nephrology	7	Surgery - General	12
Neurology	7	Surgery - Orthopedic	30
Obstetrics/Gynecology	10	Urology	13
		<b>TOTAL</b>	<b>1164</b>

Alexander Mora, received donated hernia surgery and assistance with health insurance allowing him to return to his most important priorities, his construction job and his beloved dog, Bonita!

## ALEXANDER MORA'S NEW BEGINNINGS-

"If I didn't have that hope, who knows what would have happened next and whether I could even support myself, pay rent. I was willing to work, definitely willing to work. I had a double bilingual hernia and I couldn't work at my construction job without surgery. Thanks for giving me hope. Some people need help and if you can provide that hope knowing the situation, I think that's what we're all here for."

*Thank you all for helping me get medical services that I wouldn't otherwise be able to afford. The time it took from your efforts to my actual procedure was very quick. I think that this program is of great importance to our community. Thanks to all of you, I'm worry free about this aspect of my health. I can't thank you all enough!*

“

Robert L.'s appreciation for his donated imaging services

APA Board member  
and donating  
pediatric dentist  
working with a  
favorite patient.

## DR. HEIDI OSTBY, PEDIATRIC DENTIST, VOLUNTEER PROVIDER AND APA BOARD MEMBER

"Anchorage Project Access is an amazing community of people that have the same goal of getting people either medical help or dental treatment for people who slip between the cracks. If there are children that need treatment, and they can't afford it, Anchorage Project Access reaches out to me to see if I'm willing to donate services and I don't have a limit on what I will do to help."

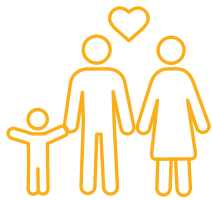

*APA has gone above and beyond to see that all of my medical treatment needs were addressed, from my medical appointments, to prescriptions, x-ray imaging, even the cab fare to and from my appointments. I can never repay the debt, but from the bottom of my heart I thank the staff and the Board, and all those who gave so generously to make this possible.*

*There are no words to express the depth of gratitude I feel, and the joy to know the cancer is gone. None of this would have been possible without the kind assistance of APA.*

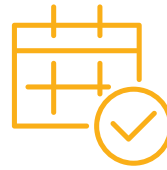

Meg's journey of healing from imaging and surgery, to medications, transportation, and support

# 15 YEAR ANNIVERSARY HIGHLIGHT

**8,637+**

Enrolled and re-enrolled patients received donated specialty health care through APA

**18,806+**

Patient appointments coordinated by APA staff for donated care

A cook for over 40 years, Jamie received life-saving donated cardiac and arterial surgeries, and assistance enrolling in health insurance, enabling him to enjoy his retirement by gardening and cooking.

## JAMIE NEUMANN'S LIFE AFTER DONATED CARDIAC SURGERY

"It has been almost two years since my surgery and I actually eat my food and enjoy it. I'm able to work in my yard again. I wasn't able to mow my yard or shovel my driveway 5 years prior to my surgery. These doctors that do this is because they care. If it wasn't for the people at Project Access, put together with the doctors to help people, I probably wouldn't be here right now. Project Access was a blessing."

Increase in Net Assets 91,192

\*NOTE: Providence Health and Services of Alaska generously contributes \$100,000 per year to support Anchorage Project Access. Their commitment is made in three year segments, most recently a \$300,000 commitment for program years 2018-2020. Providence's support is shown as revenue in the year in which it is committed (2017).
