YES, I will help APA Dental Partnership provide this valuable service to qualified patients.

• Prior to you seeing a patient, each patient receives an initial exam and treatment plan which has been separated into phases by levels of urgency 1-5, with level 1 being the highest urgency. APA will send you an **Appointment Request** asking that you complete a phase of treatment. A phase will never consist of more than four or five total procedures in the categories you checked below unless mutually agreed upon. Sample of a phase can include two routine extractions and multiple fillings on two teeth.

I can provide ___ (number of) phases per month. I understand each phase is with a different patient.

Please check what service you would be willing to perform in a phase.

• Some patients present to APA with an emergency (no treatment plan completed) and we would request you provide services for the urgent matter at hand only.
